Prayer Board
Sachets and Slider Card
Wood Planters

“I wanted to have a wide variety of classes that would make things the women would take home and use.” - Major Missy Romack

OTHER IDEAS

Display Station for Completed Projects

Provide a space for delegates to display their (labeled) completed projects in the main work area, so that others can share their excitement, get new idea and be encouraging. To motivate women to share their work, let them add their name to a drawbox each time they complete a project and have the chance to win a prize. You might award prizes intermittedly or at specific time/s during your event.

Prayer Room

Create a quiet space that allows delegates to retreat from the crafting crowd to pray.

Sales Table

You may wish to have a table that sells items delegates are likely to run out of and need to complete a project or that sells completed products done by the delegates.

Tool Table

Provide a table with labeled tools in the working room area.
